

Dear Students of Ss. Joachim and Anne,

Good afternoon on this 22<sup>nd</sup> day of March. Happy Sunday! I just want to begin by telling you how much we miss all of you. The teachers and I pray for you every day. When we meet in the morning, we always come together and I tell you a few things about the day before we go upstairs. Today, I want to tell you to say special prayers for all the world because God always hears your prayers **You are our shining stars.**

The teachers are very proud of all the work you are accomplishing on line. Ss. Joachim and Anne has the **best** students. You know how to manage during any crisis, you are brave, intelligent and kind.

Please say thank you to all your parents/guardians for all their hard work and courage.

Everyday is a special day filled with new ideas and with God's love. One thing never changes, Jesus always remains with you. Nothing is more important than your relationship with Him.

Have a blessed day,

Love,

Mrs. Freebes
